Houston Extracorporeal Therapies can fill your short and long term perfusion needs.

Houston Extracorporeal Therapies has over 30 years of perfusion service experience. We are certified by the American Board of Cardiovascular Perfusion (ABCP) and licensed in the States of Louisiana, Texas and Massachusetts. Houston

Extracorporeal Therapies

' perfusionists are qualified to receive license in any state.

Not every state requires state license for perfusionists. Please consult us if you need temporary help but are unsure of your State's rules.

Houston Extracorporeal Therapies can provide service to your hospital or practice in the following ways:

1. Full time perfusion services with qualified and capable certified, licensed perfusionists.
2. Per diem perfusion service coverage for vacation relief or staff shortages.
3. Temporary perfusion service for longer term needs to cover staff shortages.
